Houston, TX -- The American Association of Breast Care Professionals (AABCP) announced today its endorsement of *Gulf Coast Insurance* as the preferred provider of *AABCP Group Benefits / Insurance*.

Gulf Coast Insurance has also been selected as the *new* provider for the *AABCP Surety Bond*. During 2009 the DMEPOS industry experienced a growth curve with surety bonds. AABCP feels that our membership will be better served by combining to one insurance provider that has a proven focus on customer satisfaction.

Gulf Coast Insurance is an independent agency based in Pensacola, Florida. As a non-captive, non-affiliated agency it is able to draw on most major National A+ rated companies ensuring the best choice and most competitive rates for AABCP members across the United States and Puerto Rico. Gulf Coast Insurance offers all insurance lines: Property & Casualty, Professional Liability, Health, Vehicle, Workman's Compensation as well as Federal and State Surety Bonds.

AABCP president Rhonda Turner stated, "*We are very excited to welcome Gulf Coast Insurance to our family of benefit partners. We believe in Gulf Coast's ability to provide superior service and competitive rates.Our members are our highest priority, a belief shared by Gulf Coast Insurance.*"

###

The American Association of Breast Care Professionals (AABCP) is the National member association for the breast care industry and post mastectomy profession. Founded in 2005, AABCP follows a combined mission: educating the industry and consumers on post mastectomy treatment options, post mastectomy outcomes research and the establishment of political relationships that aide in defending breast cancer treatment benefits and Certified post mastectomy care.

Gulf Coast Insurance is based in Pensacola, Florida. This independent agency, utilizes a national online comparison system to provide timely quotes, competitive rates and fast claim response times. Gulf Coast Insurance offers all major lines of business and personal insurance. A family owned company providing personalized service in a national environment.
